Jason Allen is a singer, songwriter, and string bender born in Pasadena, Texas. As the last of five children, twenty years after his older siblings, Jason was raised on his parents generation of music, which has been the building blocks and foundation of his Texas country music career that thousands of fans have grown to love. Revered for his incredible talent as a lead guitarist, as well as his smooth, classic country style vocals, and impressive songwriting ability, Jason Allen has two #1 hit singles on Texas Radio, with over 10 singles in the top ten and 8 albums under his belt.

With over three decades experience of performing in front of live crowds, Jason can entertain and captivate an audience as a full band, stripped down, or as solo acoustic/ song-swapping.

Jason's set consists of a wide range of music, mixing in covers from multiple different genres, originals, and straight-up awesome guitar playing.
