

Jake Bush is a 90's era-inspired singer/ songwriter from Pasadena, Texas. Jake makes traditional, rug-cutting country music that bridges the gap between the 90's and now with his crowd pleasing, foot-tapping melodies, and smooth, deep voice. Jake's sound is bold, yet tastefully simple. It's "Where 90's Meets Now." Since the release of his first album in October of 2020, Jake has had 4 consecutive #1's on the Texas Regional Radio Report, making a powerful impact on the Texas Music Scene, and proving that Jake's songs hit the hearts and souls of people both on the dance floor, and on the drive home.

After almost a decade of performing in front of live crowds, Jake can entertain and captivate an audience as a full band, stripped down, or as solo acoustic.

His set will be 80% originals and 20% covers that are mixed in throughout the set.

Jake is 100% self-contained, other than front of house PA, and typically rolls with his own sound engineer, merch coordinator, and road manager.
